## Farrow Friends is an award winning support service

At Farrow Friends we think it's important to help people stay independent and in their homes for as long as possible. We cater to the large percentage of people that need support, but have enough independence to be able to stay at home with a little extra help. We support people of all ages and abilities.

### Home-help

We offer help around the house, no task is too big for us. Whether you just need an extra pair of hands with the laundry; staff prompts to help you to remember when tasks need to be done, or someone to help with cooking, cleaning or pet care we are here to help.

### Befriending

We take our support service one step further with our befriending program. Our team will work closely with you or your loved one to offer companionship in their time of need. We also help our friends to stay socially active, by supporting them to engage with community activities that fit within their interests.

### Support

Farrow Friends have been supporting people since 2015 and have received many awards and recognition for our quality of care. We offer a bespoke support service for those who need a little extra help to stay independent.
