

# Farrow Friends is an award winning support service

At Farrow Friends we think it's important to help people stay independent and in their homes for as long as possible. We cater to the large percentage of people that need support, but have enough independence to be able to stay at home a little extra help.

We believe it's important that the people we support receive the best care possible no matter who they are, and that's why our services are not limited to elderly care. We support people of all ages and abilities.

I would like to thank you for all the care and attention you gave to mam. The high standard of care you gave her was commented on by hospital staff on her recent visits. I would highly recommend your company to anyone.
